## Home & School Meeting

An interesting and beneficial programme was arranged for the first meeting of the year held Monday night in the Memorial Hall.

This was a propitious opening and set a good standard for the year. President D. A. Ford ably conducted the meeting.

Mrs. Risdon read minutes of two previous meetings which were adopted as read.

The Treasurer's report by Mrs. Polley shows a Bank balance of \$102.06.

The slate of officers for the year 1946-47 was given by S. H. Crowther, and is as follows:—

Honorary Presidents, Mr. M. MacLeod Supervisor of Schools, and Mr. D. Brook, Trustee for Div. 1 of Wheatland S. D.

President, Rev. D. A. Ford.

1st Vice Pres., Mrs. Kennedy.

2nd Vice Pres., Mrs. S. Korek.

Secretary, Mrs. Risdon.

Treasurer, Mrs. A. Polley.

Executive, Rev. A. Hamilton, Dr. Giffen, Mr. H. Willison.

Convenor, Social Committee, Mrs. Alice Coffin.

Program Committee, Mr. D. McMurray and the School Staff.

Press Correspondent, Mrs. Moore.

The Scholarships totalling \$100 will be paid again this year to the winning students of the Wheatland district.

A resolution was carried that all revenue producing meetings in the future set mark 10% of the proceeds for the Community Council.

Rev. Ford announced that the next meeting October 28th would discuss largely the question of Cancer control. The reason for this being published more fully in another article in this issue.

This concluded the business, the remainder of the evening comprised four solos sung in very excellent voice by Mr. Ward of Calgary accompanied by Mrs. Parsons at the piano, these solos were:—"It's Morning," "Tommy Lad," "The Crown of the Year" and "The Star".

Mr. M. MacLeod paid high tribute to the Home and School news, the official paper of the Alberta Home and School Association. He complimented both Mr. Salt the Editor, for a heavy task well executed also the Publishers stating that it might be of special interest to a Strathmore audience to learn that the News was printed in Strathmore in the Office of the Strathmore Standard.

The Chairman then called on Mr. McMurray to introduce the speaker of the evening, Rev. S. J. Parsons of Scarborough United Church. Mr. McMurray performed this pleasant task in a few nicely chosen words.

Rev. Parsons delivered a challenging, thought provoking address on the subject "Freedom." Referring to the fact that the nations had paid such a tremendous price in blood, tears and sweat to bring peace to the world, the speaker said we are in grave danger of losing this peace, so dearly bought, unless we guard most carefully our actions with nations and individuals.

Rev. Parsons stated we are the armies of the Free Peoples trying to maintain the peace of the world.

"We must be free or die,"—so sang Shakespeare and Milton.

There is a political freedom, a cultural freedom, and a religious freedom, which have all cost a tremendous price and these must not be crushed and utterly extinguished.

## WEDDING

### VERMONT—HARTLEL

A very quiet wedding was solemnized at St. Stephens Church, Calgary on Saturday September 28th, when Edna Josephine Hartell and Charles Edward Vermont were united in marriage. Rev. Maddock officiated.

The bride chose for the occasion a pale blue crepe dress, trimmed with black nailheads and black accessories. Her corsage was Tallman roses.

Her only attendant was Madeline Vermont, the groom's sister. She chose a rose flannel dress with black accessories.

George Keeling was groomsmen. Reception was held at the Mandarin Gardens.

After a short honeymoon in Calgary, the young couple will reside in Strathmore.

## A.T.A. Re-organizes

The reorganization meeting of the Strathmore A.T.A. sub-local was held at the Strathmore High School on Wednesday evening September 25th, fourteen teachers and two local speakers were present.

Preceding the election of officers, Mr. J. R. Milligan, District Agriculturalist spoke to the teachers on the preparation and display of School Fair vegetables. He offered helpful suggestions on the best methods of crating and exhibiting poultry. His practical and helpful suggestions were followed by those of Mr. McMurray who instructed the teachers in the rather difficult art of preparing a model sheaf of grain for exhibition purposes.

The officers then elected for the year were as follows: President, Mr. S. Crowther (re-elected); Vice President, Mr. John Slemace; Secretary-Treasurer, Miss M. Skjelle; Counsellor, Mr. J. Heibert and Press Correspondent, Mrs. L. York.

Suggestions were made by the president as to the material used in our programmes for the following year.

There was considerable discussion led by Mrs. Polley, on the non-competitive concert to be held in connection with the School Fair.

Mr. MacKenzie brought up the question of having the need of the School Sports track brought to the attention of the Wheatland School Board.

It was decided that the next meeting of the sub-local would be held at Carlsland school on October 16th.

The meeting which was unusually short though lively, adjourned early after which the Strathmore teachers and their guests enjoyed a delicious lunch served in the dining room of the King Edward Hotel.

## Funeral Services For The Late D. V. Belts

Funeral Services were conducted Saturday, September 28th from the Park Memorial Chapel, Rev. A. Hamilton officiating, with McInnis and Holway Funeral Directors.

Pall Bearers were Messrs W. Knight, Joe Kordahl, A. Englund, C. Mackie, J. McInnis and Geo. Davis.

Relatives who came from a distance to pay their last tribute of esteem were Mr. and Mrs. Mason Belts, Salt Lake City, Darrell Belts Eugene, Oregon, Mrs. Ralph Knight, Pendleton and Mr. G. Belts of Pendleton.

## CREDIT UNION

Meeting in the Town Hall for its first meeting of the fall, the Strathmore Credit Union had one of the largest turnouts for months on last Thursday evening. A very good and interesting meeting was held, and many points were discussed by those present.

Reports given at the meeting showed that the Union had been making considerable progress in recent months, and is hoping to continue building. A drive for members is to be organized in the near future.

During the evening, a short talk was given by Rev. A. A. Hamilton on the "farthest north" credit union, which is at Nottawin, Alberta.

## Town Council Hold Meeting

A full council was present again on Tuesday night to look after the affairs of the Town.

A deputation from the fire brigade, consisting of Fire Chief James Swanson, and George Anderson, were present, with recommendations in regard to activities of the brigade. It was pointed out that there was scant interest in the present system turning out for fire drill, signing a book, and then leaving, and a recommendation was received that this system be dropped, that the abatement of the school tax for the members of the brigade cease, and that in future be paid for turnouts to regularly conducted fire practises, or fires. This recommendation was approved by Council, and rates of pay were set at one dollar for practises, and two dollars for fires, with the deputy chief receiving two and four dollars respectively, and the fire chief three and six dollars in each case. It was pointed out that the chief and deputy turn in a considerable amount of extra time, and that they should be recognized in this manner.

It was suggested also that a thorough practise should be held each spring and each fall to check on hose, and other equipment.

In addition, fifty pounds of soda will be ordered.

## Young People's Notes

The Young Peoples held a supper in the United Church on Tuesday evening, October 1st. Following the supper a short meeting was held to discuss several proposals. It was decided to hold meetings every week, on Tuesdays at 7:30 p.m. A press correspondent was elected being Bobby Willison. David Brook, Irvin Korek and Miriam Ekkes were elected on the Social Committee. It was decided to send several delegates to the Annual Conference of Young Peoples in Calgary, October 12, 13 and 14. A sing song was carried on lead by Mrs. Polley. Chuck MacLean spoke on the subject of History of Printing. The meeting was then adjourned.

## FORMER STRATHMORE RESIDENT DIES IN TENNESSEE

Many Strathmore residents will recall the familiar figures of Mr. and Mrs. Sam Richardson as they drove along the Strathmore streets frequently in their wagon.

Sam Richardson came to Strathmore in 1908 and later moved to the farm about four miles southwest of Town, where they lived until the death of his wife, four years ago. After this he was taken to the Eventide Home at Oleichen. Later Mr. Richardson went to live in Tennessee with his eldest sister, where his death occurred on June 16th, 1946.

Surviving in Canada are his step-daughter Marie and Grandson Willis. Their general smile for all will be remembered by many in the Strathmore area.

## BOY SCOUTS APPLE DAY

Saturday October 12 the Boy Scouts will sell apples on the Streets in Strathmore.

Back the boys by giving them a generous donation.

Little Joyce Bishop and her brother Allan have been quite ill in the hospital. We wish them both a speedy recovery.

Cyril Way is back to school following his appendicitis operation.

Duane Dick spent the week end with his family.

The annual Chicken Supper, sponsored by the Ladies Aid, will be held on Wednesday, October 30. Keep that date in mind, folks.

Jack Mitchell spent the week end visiting his uncle and aunt, Mr. and Mrs. H. Bonitz.

Miss Ruby Allen of Toronto was a recent guest at the home of Mr. and Mrs. Don McKinnon.

The janitor of the hall and school, as well as the rest of the community is pleased to note that a new well is being drilled in the Carlsland school yard.

## WEDDING

LENNOX—BURKE

Monday September 23, 1946 at 10 a.m. in St. Mary's Cathedral a double ring ceremony was performed by Father McKay uniting Phyllis Burke daughter of Mr. and Mrs. J. J. Burke of Calgary and Gordon Lennox son of Mrs. A. Lennox, Carlsland.

The bride, who was given in marriage by her father, was dressed in a floor-length model of white satin styled with lace inserts at the neckline and long tulle sleeves and featuring a triangular of antique satin roses on the full skirt. Her veil fell to the floor from a Mary Queen of Scots head dress and she carried a bouquet of American Beauty roses. Her only jewelry was a three strand set of pearls with matching earrings, the gift of her groom.

Miss Frances Scharm was bridesmaid and Mrs. A. Carran sister of the bride was matron of honor. Miss Scharm wore a toe length gown of pink lace with matching headress and carried deep rose carnations, while a long frock of powder blue sheer was chosen by the matron of honor who carried a bouquet composed of pink carnations.

John Burke, Acaidia Valley, brother of the bride, was groomsmen and the guests were ushered by Frank Gilham Carlsland and Bill Burke, Acaidia Valley.

Miss Helen McGregor sang "Ave Maria" and "This Day" and Mrs. March supplied the organ music.

Following the service a reception was held in the banquet room of the Empress Grill. The bride and groom were assisted in receiving 21 guests by the bride's mother and the mother of the groom. The former was attired in a brown suit with matching accessories and a corsage of roses and Mrs. Lennox wore a grey suit with matching accessories and a shoulder bouquet of roses.

The bride's table was centred by a three-tiered wedding cake. The bride's bouquet was caught by Miss Gillespie.

Mr. and Mrs. Lennox left later for the mountains where they will honeymoon for two weeks prior to returning to Calgary to reside.

To travel the bride wore a brown suit, turquoise accessories and a corsage of yellow roses.

Out of town guests were Mr. J. and B. Burke, Miss Lois Ewing of Acaidia Valley, Miss Field, Miss Gillespie, Mr. and Mrs. F. Gilham and Mrs. A. Lennox of Carlsland.

## Drive For T. B. Check

Hospitals are participating today in the greatest effort ever made to eradicate tuberculosis in human beings, according to Robert Dickey, general secretary of the Alberta Tuberculosis Association.

"Most hospitals innocently harbor tuberculous patients who are a grave menace to physicians, nurses and other personnel, and to all other patients with whom they come in contact," said Mr. Dickey. "The only way the danger can be eliminated is to make a chest X-ray of every patient admitted, and of every employee, he said."

Hospital admissions in Canada now

exceed 1,300,000 a year, and other undetermined hundreds of thousands are seen in out-patient clinics. In these groups the percentage of cases found is several times higher than in other cross-section of the population.

The Alberta Tuberculosis Association and affiliated groups in Alberta have led the way in campaigning for routine chest X-ray, and tests will soon be made by Calgary General and Edmonton Royal Alexandra with special miniature X-ray machines particularly purchased by the Associations from Christmas Seal funds.

## FARMER'S COLUMN—

By R. J. M.

There is one kind of farmer who requires more than sympathy and he is the Dairy Farmer. He has to work every day for 365 days a year. This cannot go in and out of business like the farmer growing grain or hogs. The dairyman must maintain a constant supply of milk. Everyone must admit that the cost of milk doesn't vary from season to season yet the cost of production in winter is much greater than in summer.

Even though the Dominion Government are at present paying an subsidy on milk I am of the opinion that milk should be even higher. Perhaps I am leaving myself open to criticism, nevertheless, I have been associated with dairying from early childhood and understand what is required of a dairyman.

He is obliged to sell his milk on grade and maintain a constant quota so that you and I may have milk at all times and just as much as we wish to buy - today one quart, tomorrow perhaps three. Have you ever asked yourself where does this surplus if any come from or how is the milk held over from day to day? Very few of the average farmers can tell you how to feed a cow, let alone run a dairy farm at a profit. We all have a superficial knowledge of what is meant by pasteurization or even bacterial count present in milk. Pasteurization, if correctly done, destroys harmful germs often present in whole, unpasteurized milk. This process costs money. For this service the consumer pays, but there should be no complaint from him as it is an added health protection.

What about the health of the animals themselves? Several diseases affecting milk cows are transmitted to the human consumer, such as tuberculosis or undulant fever, and in the animal kingdom this is caused by Contagious Abortion. Undulant Fever will affect a person from 3 to 5 years. To eradicate this from a dairy herd, if present is another worry for the dairyman.

This Municipality and the Agricultural Service Board are opening a campaign to have at least 500 heifer calves vaccinated for this contagious disease. Do you know if the cow you are milking has or has not this disease? Very few farmers pasteurize the milk consumed on the farm. They are subjecting themselves to the two diseases mentioned above. If you wish to have your cow tested for either disease, call a qualified veterinarian. Contagious Abortion or Bang's Disease spreads from one herd to another, therefore, to get a cow that is immune from this disease, have a heifer calf vaccinated this fall in November. In three years time she will be in production and you can rest assured your family won't get Undulant Fever. When the Agricultural Service Board appoints for your township calls, treat him with courtesy and be cooperative. We would like to see every cow free of Bang's disease in three years time. If we can get 500 calves to do this fall, the cost per calf will be about twenty-five cents. Remember your cow can be affected and not only the dairymen producing in our district. Be sympathetic to the milk man and help him as well as your self, by having the heifer calves you wish to retain vaccinated this fall.

Harvesting is making excellent progress in Manitoba and yields are coming up to expectations. A 60 million bushel wheat crop is anticipated, one of the best ever produced in that province.

## Fire Prevention Week Oct. 6-12

"AN OUNCE OF PREVENTION"

Journal of Commerce, Vancouver, B.C. There is more to fire prevention than reporting the gory details of death and destruction that result from carelessness and neglect. Fire Prevention can only be brought about by the individuals responsible for fire hazards. So this brings the question of fire prevention right down to the home and place of business of every person.

A furnace, for instance, when properly installed, is provided with insulation to eliminate overheating inflammable surroundings. The same applies to the electric or gas water heater. Even the electric iron has safety devices, but individuals are responsible for their use. Electric wire is made as nearly foolproof and fireproof as possible, but again the human element can render its safeguard valueless by

## TOWN COUNCIL

near future. It was felt that an effort to put the cemetery in better shape should be made, and that all interested parties would be only too glad to assist to improve the general picture.

A rough estimate of the cost of the water and sewer project was made by Haddon and Miles, engineers, on the basis of similar costs on the project now under weigh at Vermilion, and the figure amounted to approximately \$90,000. They submitted a draft revision of the plan, and following the Council's acceptance with only minor alteration, they are proceeding to draw up the final plan.

Permission was granted the Strathmore Boy Scouts to use a booth on Main Street for their Apple Day on October 12th.

The question of uniforming the town policeman was discussed for some time, and the committee handling legislation was instructed to do something about at least a uniform hat and badge.

The sidewalks on First Street between Railway and Second Avenues were dangerous, it was reported, and while no cinders are available at present, it was suggested that the walks be pulled out, and they be graded level. This surface would at least be hard in winter, and not constitute the menace that the present board walks do.

The members of the Council agreed to meet an hour early at the next Council meeting, and to check the matter of street lights throughout the town, and to survey possible locations for new lights.

Accounts amounting to \$2350.00 were passed. Of this amount almost two thousand was for the new tractor and gear which the town has purchased and is now using. Initial indications are that it will be most useful.

carelessness or neglect.

A guest in a hotel feels much safer sleeping in a room if he knows a sprinkling system is ready for instant use in the event of fire. Every home and building cannot afford a sprinkler system, but the occupants of such places can refrain from using pennies or other metal objects in place of fuses. The occupants of such places can see that all wiring and heating systems have needed attention, and they can clean up trash, dirty rags, paint cans, paint brushes, oil, etc., which are all potential fire hazards.

The same rule applies for fire prevention as for health - "An ounce of prevention is worth a pound of cure." And nobody but the individual whose life, property and health are at stake can, in most cases, provide the "prevention" that will forestall calamity.

Rev. Parsons stated in some parts Freedom and Democracy are dead creeds. Communism frowns on Freedom and is contrary to us as we understand it.

Germany at one time, one of the most highly cultural countries of the world surrendered freedom and went all out in the line of degraded, political bondage. Why do we allow Freedom to slip? said the speaker. Quoting the parable of The Prodigal Son Rev. Parsons stated he-the son became afraid of the responsibility this thrust on him, and he returned asking to be made a "bond servant". Unqualified freedom is a curse and leads to license - not freedom.

To enjoy Freedom to the full one MUST contribute some good to the environment in which one lives, in which I and everyone can grow a soul. To seek beauty, truth and goodness and love and be governed by these is the secret of all freedom.

Freedom is enslavement to the high-

By Mrs. B. F. G.

The infant daughter of Mr. and Mrs. W. Sniderman was given the names of Sharon Ann at a Christening Ceremony held in St. Andrew's Anglican Church at Gleichen on Sunday, September 29th. Rev. Ford of Strathmore officiated. God parents were Mr. and Mrs. H. Harrison of Calgary and Miss Emilie Shawcross of Regina. Mrs. Donald Clark was proxy for Miss

Shawcross who was unable to be present. At the same time the infant son of Mr. and Mrs. D. Nelson Jr. was given the names of Rodney Allan with the Godparents Mr. and Mrs. Harrison of Calgary and Mr. Linden Malcolm of Arrowood. Miss Irene Capell, Mrs. M. Winters and Miss A. Wheeler of the Cluny teaching staff spent the week end in Calgary.

Mr. Geo. Pettinger (former school teacher) is secretary of the Society.

The plan is to educate people to the need for extreme caution and in case of any suspicion of malignant symptoms, to seek medical aid at once.

To carry on this campaign Mr. Pettinger and Mr. Lehman visited Strathmore last Thursday evening and addressed a small but duly impressed group relative to forming an organization that would be willing to assist in carrying on this campaign of education. Mr. Pettinger very clearly stressed the need for such a campaign and he was ably endorsed by Mr. Lehman.

As a result it was arranged that the next meeting of the Home and School Association the Calgary Committee would bring down a film entitled "Choose to Live" which they would show the film having a running commentary on the care and treatment required for over-coming this dread disease.

Further publicity will be given this program in due course.

The public is urged to keep this date free to attend.

Last April a fund of \$45,000 was subscribed in Alberta to carry on the work of Education Service and Research.

It is not generally known that the dread disease of cancer has so increased that it is now second in the list of mortalities, in Canada.

Last year 768 deaths in Alberta alone resulted from this curse to humanity, death due to heart trouble ranked first. For a time it was not considered that cancer is so alarmingly on the increase, however, recent tabulations have proven this dire condition to exist.

To combat this plague a group of people organized as the Canadian Cancer Society are waging a campaign to overcome this condition.

MOUNTIES UNHORSED

An edict was issued recently that

the day of the mounted "Mountie" has

passed. Like other police units and

cavalry regiments, the RCMP has

gone mechanized.

A survey made recently disclosed

that there were only about 150 horses

doing police work, of which about 100

belonged to the RCMP. The remain-

der were used in certain city police

forces across the country.

Though there is no disputing the ef-

ficiency of the motor unit, there will

be many who are never-the-less sorry

to see the horse dropped from the

force. It has not yet been decided if

the famed "musical ride" will or not

be revived.

## BERRY VALE WOMEN'S INST TUTE

The meeting of September 26th was held at the home of Mrs. G. Kearns. Nine members answered the roll call. Flannelette and wool were purchased for Bazaar articles.

Arrangements were made for a Bridge and Whist Party at the Service Berry Community Hall on Friday, October 25th with rummage sale at midnight.

The date for the W.I. Bazaar was set for November 15th in the Service Berry Community Hall. Keep this date in mind.

After the business of the meeting a raffle for the Sick Fund made \$2.25 and was won by Mrs. G. H. Godfrey. Then a cookie sale realized \$3.00.

A delicious lunch was served by the hostesses and assisted by Mrs. Dawson and Mrs. Brock, which brought to a close a very busy and interesting afternoon.

## LANGDON

By G. E. W.

The Home and School met last Monday evening September 23 in the school, owing to the busy time the attendance was small, however most of the ladies were there, and Mrs. Frank Taylor, Vice-President opened the meeting. The minutes of the last meeting were read by the secretary and approved. Some business matters that a basket ball can be purchased were then discussed, and it is hoped for the girls. The Rev. Mr. Hunt of Carleton was a visitor for the evening, and was the lucky winner of the prize for the Quiz Contest put on by the programme committee. A tasty lunch of sandwiches and coffee was served by the hostesses, Mrs. Geo. Whitney and Mrs. G. Crilly. The next meeting will be held in the school on October 10th when it is hoped a full attendance will be present.

What might have been a serious accident happened to Gordon Speechley on Saturday morning, when his dad was loading a truck load of wheat for Mr. J. Campbell. Gordon got up into the truck to see how the loader worked when something went wrong with the loader and struck Gordon in the leg causing a gash which needed medical attention. He was rushed to Strathmore and Dr. Giffen attended to it. It is hoped there aren't any bones broken. Gordon has stayed in bed for at least a week. "Keep Smiling, Gordon."

Mrs. Alice Hall, junior teacher of Langdon was away for the week end. Mr. and Mrs. Frank Thomas were Calgary visitors on Thursday.

By Thomas was visiting her parents over the week end.

Mr. Geo. Whitney was in Calgary on Friday.

The elevator agents are two busy men these last few days, just one continual round of load after load.

Mrs. A. Watson was in Calgary on Thursday.

## CHRISTIAN SCIENCE

The Lesson-Sermon in Christian Science churches on Sunday will deal with "Unreality." Following are typical passages elucidating this subject, which will be read: "And Jesus answered him, The first of all the commandments is, Hear O Israel; The Lord our God is one Lord." (Mark 12: 29). "There is but one primal cause. Therefore there can be no effect from any other cause, and there can be no reality in aught which does not proceed from this great and only cause." (Science and Health with Key to the Scriptures, By Mary Baker Eddy, p. 207).

## Under The Street Lamp

by PAT O'HOLEY

This is Pat

Peebles had never played golf before, but he had read beginners' book, when he drove off. The ball flew

straight to the green, tripped across it, then dropped into the hole.

At his very first attempt Frank had realized the ambition of every golfer; but Frank did not seem excited. His next drive was almost as good. Again the ball landed on the green, but this time it stopped short a few inches from the hole.

He turned apologetically to his partner.

"How silly of me," he exclaimed. "I've missed it."

High heels were invented, feels Marion Morton, by a girl who had been kissed on the forehead.

Lapidus and his partner went fishing. The partner was lucky and pulled in a beauty. "Lapidus," he cried, "I think I got me a haddock."

From the other end of the boat Lapidus called back: "Why don't you take an asperin?"

It happened a couple of weeks ago, but we think it's still worth telling. Jimmie Brown dashed up to one of his friends after that recent event with an excited grin. "Have a father," he panted. "I'm a new cigar."

"My, what beautiful hands you've got," said Dolly Saunders. "Tell me, after you've cut your nails, do you file them?"

"Oh, no," replied Georgina Kock, thinking of the office. "I throw them away."

Mrs. Gannon: "The doctor said at once that I needed a stimulant. Then he asked to see my tongue." Jimmie: (alarmed) "good heavens! I hope he didn't give you a stimulant for that, dear."

## The Minister of Finance announces A NEW BOND ISSUE FOR PEACETIME SAVINGS

Canadians are thrifty people. Their record in war financing will stand for many years to come.

Through six years, millions saved and invested in Victory Bonds and War Savings Certificates in a way no one thought possible. Many thousands learned the convenience of regular, systematic saving, whether in small monthly amounts or by larger cash investment. As a result they have accumulated substantial personal reserves with all that means in increased future security and satisfaction.

Because suggestions and requests have come to me from all parts of the country that facilities for this kind of saving be continued in peacetime, the Canada Savings Bond has been created.

The issue of War Savings Certificates and Stamps to the general public will be discontinued on September 30th, and final instalments on the last Victory Bond issue will have been completed in the near future. Canada Savings Bonds, therefore, will provide an opportune means for citizens to carry on their regular savings habits without interruption.

The general public should note that this time there will be fewer salesmen than in the case of Victory Bonds. Although the new Canada Savings Bonds will be sold through banks, authorized investment dealers, stock brokers and trust or loan companies, these agencies will not be able to approach every individual Canadian. This means that for the most part it will be left to Canadians to assume the responsibility for their own purchases of Canada Savings Bonds. If they wish to grasp this opportunity, they should act for themselves without delay.

Canada Savings Bonds are designed to be the finest investment available to the public today. I recommend them to you as a safe, profitable and convenient investment for personal savings.

I now announce the terms of the new Canada Savings Bonds, which will be offered commencing October 15th.

*M. A. A. A.*  
MINISTER OF FINANCE

### ... Features of the new **Canada Savings Bonds**

Interest 2½% by annual coupon. Purchase price 100%. Accrued interest will be charged if payment is made after November 15th. Issued in denominations of \$50, \$100, \$500, and \$1000.

Dated November 1, 1946, maturing in ten years. Non-callable by the Government, but redeemable by the owner at any time at full face value; plus interest at coupon rate at any branch in Canada of any chartered bank. Non-transferable and non-assignable.

Holdings by any one person limited to \$2000. Registered as to principal, providing protection against loss. Available for cash, on the Monthly Savings Plan or by personal arrangement with a bank.

## Local News Items

In the list of donations made to the Swimming Pool announced in last week's Standard the Jr. Hockey Team should have been credited in place of the Hockey Club.

A group of young people met at the home of Mrs. Alice Polley Sunday evening when plans were discussed for the formation of Young People's Society. Various ideas were submitted. A further meeting will be held at the home of Rev. and Mrs. Hamilton when a slate of officers will probably be elected. This meeting will be held following service Sunday evening.

Word has been received in Strathmore that A. D. Shrimpton our former Townsman for many years is making a good recovery following an operation for hernia.

Mrs. Folk spent the week end with Mr. and Mrs. Walter Mercer.

Mr. and Mrs. Mason Belts left Strathmore Thursday morning en route to their home in Salt Lake City where they will arrive Friday evening.

Mr. McDonald of Calgary has joined the staff of Baldwin Motors and is staying at Mrs. Chase's home.

Friday evening last Mr. and Mrs. Keith Baldwin took eight boys and girls in the School Bus to Calgary to enjoy a skate on the artificial ice.

Mr. and Mrs. Carl Jones of Donalds are visitors in Strathmore this week.

### Milk Prices Rise

The price of milk delivered in Strathmore went up two cents per quart on Tuesday, the first of October. The price is now 13 cents per quart, where it was 11 before. This action was necessitated by the policy of the Federal Government which has discontinued the subsidy paid until that date on milk. The producer received this subsidy and with its discontinuance, he is passing it on to the dairyman.

While milk is 13 cents in Strathmore, it is 14 cents in Calgary, and most other centres, it was stated.

A large number of the dairies are presently campaigning, in spite of the two cent raise, all of which goes to the producer, for a further increase in the price of one cent, which would allow the dairy itself a greater profit.

### U.F.W.A. Meeting

The monthly meeting of the Strathmore U.F.W.A. was held at the home of Mrs. J. Sackett. The meeting was well attended.

Some discussion on Hospitals, Mrs. Watson read a booklet on the subject. Some Red Cross knitting was finished up.

The general Red Cross work will commence soon.

The members welcomed Mrs. Larsen back after a long visit in the States.

Lunch was served by Mrs. Sackett and Mrs. W. Risdon. Mrs. C. Scott invited us all to come to her home for the next meeting.
